The Application Process for membership of FIPS

- Complete this application and email it to: Secretary@fips-skipatrol.org. Note a minimum of two contacts are required for an organisation. This will minimize the chance of FIPS totally losing contact due to changes in personnel within your organisation.
- The FIPS executive will review the application and, if appropriate, provide tentative approval. Full approval will only be formally confirmed at the next FIPS Board Meeting.
- Upon approval, the applicant will be added to the master list for notifications, can actively participate as part of FIPS, and will be added to the web site.
- Once approved, An invoice in USD for two-year membership will be sent by the FIPS Treasurer to your Contact for Accounts

FIPS is a not-for-profit corporation registered in Canada. A copy of the FIPS By-laws are available upon request.

Membership Categories

- National Membership applies to national organisations that represents the majority of patrollers within a particular country. The fee for National Members depends on the number of patrollers the organisation represents. The FIPS Secretary will provide details at the time of application
- Associate Membership applies to all other organisations who wish to be associated with FIPS, such as a particular patrol division within a country or other non ski patrol groups.
