

Dear friend,

less than 70 days to the XX FIPS World Congress – FIPS2016!

It is the first time that a congress is held in Italy and FISPS has the honors and obligations to organize this event. The works and preparation are in progress and nowadays we have received more than 120 entries from all over the world (North America, Europe, Chile, Australia, East): we hope to get from 140 to 150 members. A record than ever before!

We are preparing a fantastic and warm welcome for all of you, full of surprises and news.

Here some news and info from Passo Tonale and for your arrival in Italy.

In order to arrange everything at the best and offer you an unforgettable Congress, we ask you to provide some personal information and details about your arrival / departure.

Milano (Bergamo) Orio al Serio Airport is the nearest to Passo Tonale. Milano Malpensa is the main airport and hub of northern Italy: there is a shuttle bus to Bergamo Orio al Serio (not included). We are thinking to arrange organization assistant to help FIPS guests.

Milano Linate Airport has not really easy connections to Bergamo Orio al Serio
